Cover fleece Standard

Self-adhesive non-woven covering material with an anti-slip top layer; easy to apply, ideal for stairs and available in various weights.

Top-Coat offers the ultimate convenience for all your covering jobs. This self-adhesive non-woven covering material stands out for its ease of use. Thanks to the handy self-adhesive underside, the material is applied effortlessly, while the special anti-slip top layer provides extra safety when walking on it. Handy small rolls are available especially for stairs. Top-Coat is also available in various weights, so there is always a suitable solution for your project.
