Cargo lashing straps

CAM BUCKLE STRAPS

Ratchet straps are robust straps utilized for securely fastening loads during transportation. They are tightly wrapped around the cargo and securely fastened with buckles or ratchets to prevent shifting or loosening. These straps are essential for maintaining stability and safety during the transportation of goods on trucks, trailers, and other vehicles.

Product information

- Polyester webbing, elongation <7% according EN12195-2
- Both ratchet and cam buckles made of galvanised steel
- User instructions printed on the packing (Dutch)
- Each item packed in a crystal clear shelf-ready PE blister packing, 4 languages and EAN-code
